

## **CAPABILITY STATEMENT**

### **Intent**

---

This Business Capability Statement highlights our organisation's experience and capacity to service our customers.

### **Introductory statement**

---

TNTL Heavy Equipment Repairs is an experienced company located in Mareeba. We work in the construction and agricultural sectors and provide diesel fitting and hydraulic repair services.

We have been established since 2016 (part time) and are now running full time as of 1<sup>st</sup> of March 2022 and we have a strong track record in achieving outstanding results for our customers. TNTL Heavy Equipment Repairs successfully works with a wide variety of customers in Mareeba and across the tablelands.

We have a sound approach to business practice and strive for excellence in everything we do.

### **Mission statement**

---

TNTL Heavy Equipment Repairs has developed the following mission statement that guides our organisation and the way we work.

It is the mission of TNTL Heavy Equipment Repairs to provide customers with high quality service and experience while maintaining a reasonable cost. Our company will strive to maintain a high level of safety, ensuring all our employees go home safe every day. Our company will strive to sell quality products, provide high quality work and seamless process with no rework. Clear and positive communication between management, staff and customers will be paramount in ensuring ease of workflow with no hidden surprises.

## **Products and services**

---

TNTL Heavy Equipment Repairs is very focused on product/service development, producing a variety of products/services to meet the needs of our customers. Our products/services include:

### **Diesel Fitting**

---

As a trade qualified diesel fitter Gary is capable of all aspects of heavy equipment repairs. Gary is a CAT trained diesel fitter but has also had experience on other machinery makes and models.

### **Hydraulic Component Overhauls**

---

Currently TNTL can complete overhauls on all hydraulic cylinders, pumps, motors and valves. We have a hydraulic cylinder bench capable of disassembling up to 30t digger cylinders and it is equipped with a torque wrench capable of torquing up to 14000 lb ft.

### **Authorized Distributor for Southcott Hydraulics**

---

TNTL Heavy Equipment Repairs is the authorized distributor for Southcott Hydraulics in Mareeba. This means we can supply pump, motors, valves, pretty much everything hydraulic in the Southcott range.

### **Hydraulic Hose Manufacturing**

---

Part of being the distributor for Southcott is that we have access to GATES hydraulic hose and fittings. With a hose crimper in shop capable of 1 ½" 2 wire and 1 ¼" 4 wire spiral we can fabricate pretty much all hydraulic hoses required in this area. **Coming Soon** – We also have a soon to be fully equipped field service vehicle/ hose van for all mobile machinery repairs and in field hydraulic hose fabrication.

## **Clients**

---

TNTL Heavy Equipment Repairs is an experienced organisation that has worked with a variety of businesses in the earthmoving, agricultural and manufacturing environments. Examples of our clients include:

### **Mareeba Truck & Backhoe Hire**

---
